CHRISTOPHER COLEMAN ON THE HOME

THE INTERIOR DESIGNER REFLECTS ON NEW DEVELOPMENTS IN THE WORLD OF DESIGN AND HOME DECOR

1 | GO GREEN. The eco-friendly ethos is cropping up in everything from bedroom sheets to cleaning agents.

2 | MORE IS MORE. Large-scale wallpapers, oversized murals, and negative space renderings are increasingly popular.

3 | RAW WOOD MOVEMENT. Combined with finished metals like polished chrome, raw cuts of wood offer a natural alternative to structured tabletops.

4 | UPDATED ACCENTS. Stainless steel is being replaced by chrome, bronze, and weathered brass.

5 | LIVING LARGE. Everyday items like light fixtures and chairs are being blown up to oversized proportions.

6 | ROYAL HUES. Jewel tones lend a regal sensibility to glass and laminated acrylics—think blues, pinks, and burgundies.

7 | WHAT'S OLD IS NEW. The hard-edge feel of the '60s and '70s has given way to a more sophisticated, 1940s French-style decor.
